## **PREFACE**

The Sentencing Advisory Commission is pleased to publish an updated User Guide that incorporates the statutory changes from the 2010 legislative session and revisions to the recommended sentences matrices based upon felony sentencing practice to June 2010. The opportunity has also been taken to update the information on sentencing averages in the recommended sentence matrices, the Board of Probation and Parole's release guidelines, actual time served and the alternative sentencing programs.

The offenses are classified by the Missouri system of charge codes that is maintained by the Office of the State Courts Administrator.

The information in this User Guide is available, in automated format, online at the Missouri Sentencing Advisory Commission's web site, [www.mosac.mo.gov](http://www.mosac.mo.gov); click on "Automated Recommended Sentencing Information." The website also has up-to-date information on Missouri Alternative Sentencing Resources. This includes information on community-based sentencing alternatives as well as options available through the Department of Corrections.

## SYSTEM OF RECOMMENDED SENTENCES

Judicial discretion is the cornerstone of sentencing in Missouri courts. We said that in the 2004 report, and its truth is borne out in our experience since implementation. The Sentencing Advisory Commission believes that sentencing in Missouri is at its best when the decision makers have accurate and timely information about the offender, the offenses and the options available for sentencing.

Section 558.019.6, RSMo required the Missouri Sentencing Advisory Commission to review and publish a system of recommended sentences on or before July 1, 2004 and again before July 1, 2005 following implementation and then every two years. The next biennial report on the progress of the recommended sentences will be published simultaneously with this User Guide. The statute also directs the Commission to consider the feasibility of incorporating alternative sentences, prison work programs, work release, home-based incarceration and probation and parole options into the recommended sentences. The full text of Section 558.019.6, RSMo is included here as Appendix A, page 141.

The goal of these Sentencing Recommendations, which are consistent with Section 558.019.6, RSMo and the other statutes on sentencing, is to achieve a system of sentencing that is fair, protects the public and uses corrections resources wisely. One goal of the Sentencing Advisory Commission is to reduce sentencing disparity. However, achieving that goal has often proven to be elusive because disparities in sentencing often are the result of differences between offenders and in the circumstances of their crimes.

The Commission builds upon the work of the previous commission whose Advisory Sentencing Guidelines were promulgated in 1998. The Commission has examined data and studies of the use and deviations from those guidelines.<sup>1</sup>

The Sentencing Recommendations are **averages, based upon current sentencing and corrections practices in the state as a whole.** They provide:

1. **Criminal history and risk assessment.** The recommendations use an indicator of prior criminal history to determine the recommended sentence and a modified version of the salient risk factors used by the Missouri Board of Probation and Parole to determine eligibility for release on parole. The risk factors have been validated by statistical studies of Missouri incarcerated offenders.

---

<sup>1</sup> The Commission decided to abandon the use of the phrase "sentencing guidelines" because the same phrase is used in the federal courts to describe a system that is entirely different from the sentencing system in Missouri courts. The Commission labels its work as Sentencing Recommendations because that is what they are. They are not compulsory. The Missouri Sentencing Advisory Commission does not support a federal style guidelines system. In fact, the federal system has been rendered voluntary by the U.S. Supreme Court decisions in *Blakely* (6/24/04) and *Booker* (1/12/05).

2. **Grouping of offenses.** The recommendations arrange the offenses in groups in the same manner as the offenses are categorized by statute and by the Board of Probation and Parole. The grouping reflects similarity in sentencing practice.
3. **Severity of offenses.** Within each group of offenses, the crimes are arranged in categories of severity from High to Medium to Low. Severity of offenses was determined by examining the actual sentences imposed for each crime in the recent five-year period. The intention of the severity level is to ensure that offenses within the same felony class and offense group can be given similar sentences.
4. **Aggravating and mitigating offense circumstances.** Aggravating and mitigating circumstances are specific to each offense group. They are concerned with issues of victim impact and with offender willingness to make restitution or to address rectification of criminally related behavior, such as substance abuse treatment.
5. **Sentencing recommendations.** These are based upon data on *sentences from throughout the state*. The data on sentences for the last eight years are included for each category of offense. Recommended sentences are given for the typical situation and for mitigating and aggravating circumstances

## Sentencing Assessments

Following a proposal by the Missouri Department of Corrections and the Board of Probation and Parole, the system of providing pre-sentence information to courts and attorneys will be modified as follows:

The probation and parole officer is to provide the attorneys and the court a Sentencing Assessment Report within a time frame approved by the judge. The Sentencing Assessment Report will contain basic information on the offender and the offense, as well as the impact on the victim, and will provide the court and counsel with:

1. A rating of prior criminal history and the risk of re-offending, by using the offender risk factors as set forth in these Sentencing Recommendations;
2. An analysis of non-prison sentencing alternatives (where appropriate);
3. A recommendation for sentencing in accordance with these Sentencing Recommendations;
4. The percentage of the sentence that must be served before the offender is eligible for a parole guideline release, and the percent of sentence that offenders with that sentence and risk rating actually served before parole.
5. If the offender has been found guilty of a sex offense, the report will contain sexual history and a sexual and violent offense risk assessment (Static 99R, Appendix C, Page 147) for adult males.

The Commission thanks the Missouri Department of Corrections and the Board of Probation and Parole for their willingness to integrate these recommendations into their work.

The Commission is aware that in many cases the sentence is the result of a plea agreement. The information in the pages that follow will be useful in determining appropriate dispositions in plea-agreed cases. Counsel and courts should be aware that, although a plea agreement is done before entry of a plea and preparation of a Sentencing Assessment Report, a probation and parole officer or prison

official would prepare a report in any event. This will help guide probation and parole officers in supervising those on probation or other community-based sentences or prison officials who will be responsible for finding the proper placement for those sentenced to prison.

The Commission supports the use of treatment courts (drug courts, DWI courts, reintegration courts) and other diversionary programs like faith-based restorative justice projects for appropriate non-violent offenders. Treatment courts have been found to be more effective and efficient than either incarceration or probation without a treatment component; in dealing with individuals whose criminal behavior is primarily the result of illegal drug abuse and/or alcohol abuse (*A Cost-Benefit Analysis of the St Louis City Adult Felony Drug Court*, Institute of Applied Research, 2004; *Multi-Jurisdictional Enhancement for Missouri Drug Courts*, University of Missouri-Columbia School of Social Work, 2001). Although not a focus of this study, as of July 2009, we note that there are 122 operational treatment court programs in Missouri; 2,820 active treatment participants; 8,039 treatment court graduates; a 60% retention rate for individuals in treatment court; a 10% recidivism rate for individuals who have graduated from treatment court; and 405 drug-free babies who have been born to treatment court participants.

The Sentencing Recommendations modify the terminology of probation to reflect different kinds of sentences. "Probation" in its traditional usage, means anything from minimal supervision to enhanced supervision (Levels I, II, and III), electronic monitoring, or various other alternatives. These recommendations use the following terms to describe these different kinds of non-prison sentences:

**Probation:** Supervision in the community with periodic contact with a probation officer.

**Community Structured Sentence (CSS):** This is a non-prison sentence that is served in the community under a plan of strict supervision. It may include home-based incarceration (electronic monitoring) or other strategies for community supervision and may also require the offender to attend substance abuse or other community rehabilitative programs.

**Institutional Shock or Treatment Programs (Shk/Trt):** These include a variety of options under the shock probation statute, Section 559.115, RSMo, or other institution-based programs, as listed in section, Missouri Sentencing Laws, Alternative Sentences.

The Commission hopes that judges and attorneys will find these recommendations and system changes to be useful. Comments and suggestions are welcome so that the Commission and the Department of Corrections can consider changes that seem desirable in light of experience in using these recommendations.

## MISSOURI SENTENCING LAWS

The following references are made to statutes that define either the sentence disposition, the range within which an authorized sentence can be set or the incarceration time. The Revised Missouri Statutes are available online at <http://www.moga.mo.gov/statutesearch/>. Reference can also be made to the Missouri Board of Probation and Parole booklet on Procedures Governing the Granting of Paroles and Conditional Release, [http://www.doc.mo.gov/division/prob/pdf/Blue Book.pdf](http://www.doc.mo.gov/division/prob/pdf/Blue%20Book.pdf).

Authorized dispositions for felony convictions include a term of imprisonment, a fine (if the offense is a Class C or D felony, Section 560.111, RSMo) and a period of probation. In addition, the execution of the sentence may be suspended and the person placed on probation or the imposition of the sentence may be suspended, with or without placing the person on probation (Section 557.011, RSMo).

The Missouri statutes have provisions for enhanced sentencing when an offender is deemed to be a prior and persistent recidivist, and for a minimum prison time when the offender is deemed to be a recidivist or has been convicted of a dangerous felony. Unless specifically excluded by statute, felony convictions can be sentenced to either probation or to a prison sentence (Section 559.012, RSMo). In Missouri, a probation term is often accompanied with a suspended prison sentence. When probation is revoked, the prison sentence can be imposed or the offender can be sentenced under the 120-day statutes.

### Recidivists

The recommended sentence for an offender sentenced as a persistent offender (Section 558.016, RSMo) is the recommended sentence for the same offense group one or two felony class higher than the statutory defined felony class. The same offense group and level of severity applies. If the offense is Class A then the offense severity is increased by one level, unless the offense is High severity. The offense group DWI has recommended sentences for persistent offenders because there are no Class C DWI offenses upon which to calculate average sentences.

### Attempt, Accessory or Conspiracy to Commit an Offense (inchoate)

Offenders convicted of the attempt or conspiracy are sentenced in accordance with Sections 564.011 and 564.016, RSMo. The exception is when the attempt to commit a crime is specified by statute to be sentenced at the same as the commission of the offense. The sentencing recommendations include sentences at one felony class lower than the commitment of the offense for the same offense group and level of severity.

### Sentencing Statutes

#### **Section 558.011, RSMo. Authorized terms of imprisonment including conditional release:**

- Felony Class A 10 to 30 years or life
- Felony Class B 5 to 15 years
- Felony Class C Not to exceed 7 years
- Felony Class D Not to exceed 4 years

The probation term for a felony conviction is from one to five years (Section 559.016, RSMo).

In cases of Class C and D felonies, the court shall have discretion to imprison for a special term not to exceed one year in the county jail or other authorized penal institution. If the court imposes a sentence of imprisonment for a term longer than one year upon a person convicted of a Class C or D felony, it shall commit the person to the custody of the Department of Corrections for a term of years not less than two years and not exceeding the maximum authorized term.

**Section 558.016, RSMo. Extended Terms for Persistent Offenders** (guilty of two or more felonies committed at different times) and dangerous offenders (guilty of a prior Class A or B felony and knowingly murdered or endangered the life or inflicted serious physical injury on another person):

- Class A felony: any sentence authorized for a Class A felony
- Class B felony: any sentence authorized for a Class A felony
- Class C felony: any sentence authorized for a Class B felony
- Class D felony: any sentence authorized for a Class C felony

Prior offender pursuant to Section 588.016 is an aggravating factor in sentencing but is not an enhanced sentence.

**Section 558.018, RSMo. Persistent Sexual Offender.** A person guilty of forcible rape, statutory rape 1<sup>st</sup> degree, forcible sodomy, statutory sodomy 1<sup>st</sup>, or an attempt of any of the designated offenses shall be sentenced to life without probation or parole if the defendant has a prior finding of guilt for forcible rape, rape, statutory rape 1<sup>st</sup> degree, forcible sodomy, sodomy, or statutory sodomy 1<sup>st</sup> degree.

**Section 558.018, RSMo. Predatory Sexual Offender.** A person guilty of forcible rape, statutory rape 1<sup>st</sup> degree, forcible sodomy, statutory sodomy 1<sup>st</sup> or an attempt of any of the above designated offenses or child molestation 1<sup>st</sup> degree, Class A felony or sexual abuse, Class B and (1) who has a prior finding of guilt of one of the designated offenses or (2) has committed such an offense whether or not there was a conviction or (3) has committed the acts against multiple victims whether or not the defendant was charged is so

designated. A predatory sex offender shall be sentenced for life with eligibility for parole. The sentence shall not be discharged. The minimum prison term, to be set by the courts, is 30 years, except when the defendant has previously pleaded guilty to child molestation 1<sup>st</sup> or sexual abuse when the minimum prison term is 15 years. Defendants without a prior finding of guilt for the designated offenses shall serve any authorized sentence if the defendant had not been sentenced as a predatory sexual offender.

**Section 558.019, RSMo. Minimum Prison Terms** for persons with prior prison commitments by the Department of Corrections {excluding regimented discipline (Section 217.378, RSMo), 120-day programs (Section 559.115, RSMo) or the long-term drug program (Section 217.362, RSMo)} and serving a sentence other than in Chapter 195, RSMo (drug offenses) are:

- One prior commitment -- 40% of sentence (or until the age of 70 with 30% of the sentence served);
- Two prior commitments -- 50% of sentence (or until the age of 70 with 40% of the sentence served);
- Three or more prior commitments -- 80% of sentence (or until the age of 70 with 40% of the sentence served);
- Guilty of a dangerous felony -- 85% of sentence.

In addition, there are enhanced sentences and minimum prison terms for persistent and predatory sexual offenders (Section 558.018 RSMo), prior and persistent domestic violence offenders (Section 565.063, RSMo) and prior and persistent drug offenders (Sections 195.285 to 195.296, RSMo).

#### Alternative Sentences

The expression “SHK/TRT” in the sentencing grids means any shock time, assessment or treatment, 120-day or long-term drug program as specified in statute (Sections 559.115, 217.362, 217.785, RSMo).

#### Eligibility for Shock or Treatment Programs (Section 559.115.8, RSMo)

- Forcible rape pursuant to Section 566.030, RSMo.
- Forcible sodomy pursuant to Section 566.060, RSMo.
- Statutory rape in the first degree pursuant to Section 566.032, RSMo.

If the recommended sentence is an institutional shock or treatment program and the offender is ineligible or the offender has already been placed in a similar program within the last three years, then the recommended sentence shall be either a longer or a more intensive treatment program or a prison sentence. The recommended term sentence will normally be the minimum authorized sentence.

Time Limitations (Section 556.036, RSMo)

Notwithstanding the provisions of Section 556.036, prosecutions for unlawful sexual offenses involving a person eighteen years of age or under must be commenced within twenty years after the victim reaches the age of eighteen unless the prosecutions are for forcible rape, attempted forcible rape, forcible sodomy, kidnapping, or attempted forcible sodomy in which case such prosecutions may be commenced at any time.

## **GLOSSARY OF TERMS**

### Community Structured Sentence (CSS)

A community structured sentence indicates a higher level of supervision than probation. The supervision can include a requirement to complete either a substance abuse or other rehabilitative program. The range and availability of community structured sentences are described in Community Structured Sentences, page 24.

### Felony Class

The felony class as defined in statute. For the purposes of the Recommended Sentences most unclassified felony offenses have been converted to a class (A to D) based upon an analysis of average sentencing from 2003 to 2010 (June). The exception is Armed Criminal Action. Offenses with an average prison sentence of 10 years or more are assigned Class A, average sentences from 8 to 9 years are assigned Class B, offenses with an average sentence from 5 to 7 years are assigned Class C and sentences 4 years or less are assigned Class D. The offenses are included in the appropriate offense and felony class group.

### Enhanced Sentences

The recommended sentence for an offender sentenced as a persistent offender (Section 558.016, RSMo) is the recommended sentence for the same offense group one felony class higher than the statutory defined felony class. The same offense group and level of severity applies.

### Inchoate Offenses

Convictions of the attempt, accessory or conspiracy are made at one felony class lower than the commitment of the offenses (Chapter 564) for the same offense group and level of offense severity. The felony class is not reduced if the charged offense includes the attempt.

### Mitigating, Typical and Aggravating

An indicator of whether special circumstances were present either in the commission of the offense or in the defendant's arrest or during pre-sentencing.

### Offense Group

Five groups of offenses that have similar sentencing. The offenses are described in Appendix D, page 150.

### Offense Severity

The separation of offense groups into one of the three levels (high, medium, low) to reflect the severity of sentencing practice. Not all felony class and offense groups require three levels of offense severity (DWI is medium). The severity is a statistical calculation using measures of dispersion for two indicators: the average prison sentence and the percent of sentences that receive a prison sentence. If there is no available historical sentencing data the offense severity or new offenses for which there is no sentencing data are normally given medium severity until there is sufficient historical sentencing data.

### Offender Risk

A quantitative assessment of the risk of a person committing further crimes or violating the conditions of supervision. It is based upon a validated assessment of risk by the Board of Probation and Parole and includes both prior criminal history, and other behavioral and demographic factors. The risk score has five levels from Good, the lowest level of risk, to Poor, the highest level of risk.

### Percent Prison Disposition

This is the percent of convictions supervised by the Department of Corrections that received a prison sentence. Offenders who received probation or were sentenced under the 120-day or long-term drug statutes are not counted as prison sentences.

### Prison Sentence

This is the average sentence of those persons who received a prison sentence. It does not include the prison sentence when the prison sentence was suspended or when the offender was sentenced under Sections 559.115 or 217.262, RSMo. The minimum prison sentence in the Recommended Sentences is shown as two years to reflect the sentencing of offenders when committed to the Department of Corrections. Statute 558.011, RSMo Section 2 requires offenders sentenced to more than one year to serve a sentence of at least two years with the Department of Corrections.

### Prior Criminal History Level

The assessment of prior criminal history includes felony and misdemeanor findings of guilt and jail sentences of 30 days or more for local ordinances. The assessment is described in detail in Appendix B, page 143.

### Probation

This designates supervision by the Department of Corrections while the offender is serving a term of probation. For the purposes of the recommended sentences, probation includes a pre-sentence drug court and suspended and executed probation sentences.

### Recommended Prison Sentence

This is the sentence in years. The minimum sentence for an offender sentenced to the DOC is two years. A recommended sentence of 30 years includes a life sentence if authorized by statute. The sentence does not include a sentence that may be authorized if the offender is sentenced as a persistent offender.

### SHK/TRT

This disposition requires a short prison stay under the 120-day or long-term drug statutes. If the offender is successful, the offender is released to probation under court jurisdiction. If the offender is ineligible for a shock or treatment program, then the recommended sentence is a prison term for the lowest sentence allowed for the felony class (Section 558.011, RSMo).

### Static 99R

The Static 99R is an objective, actuarial instrument designed to assist in the prediction of sexual and violent non-sexual recidivism for adult, male sex offenders who have been convicted of an offense where there was direct contact with a victim. It can be used for first time offenders and repeat offenders. Ten static factors make up the Static 99R and include; index sex offense history ; prior sentencing dates; any convictions for non sexual offense; index non-sexual violence; prior non-sexual violence, any unrelated victims; any stranger victims; any male victims; young and single. Actuarial tools, including the Static 99R, can be used to assess long term recidivism potential; however they cannot be used to identify treatment needs, evaluate change or predict timing of a new offense. (Appendix C, Page 147) A key issue for sentencing practices is to determine a sex offender's probability or risk of re-offending. Based on the research (Beech, Beckett and Fischer 2000, Stalans 2004) that supports its accuracy, the Missouri Department of Corrections has chosen the Static 99R. This instrument was developed by Dr. Karl Hanson and Dr. David Thornton.

### Expected Time Served

The expected time that an offender sentenced to a prison term is shown for each offense. The expected time is based upon the assessment of the risk of re-offending that is computed using the Sentencing Advisory Commission's risk assessment. The assessment is being undertaken as part of Sentence Assessment Report prepared by probation and parole officers when the court requests a pre-sentence investigation.

Two statistics are shown: a parole board guideline percent and an actual percent of sentence served in FY09-10. Both statistics assume an equivalence between the Sentencing Advisory Commission's risk measure and the Board of Probation and Parole's salient factor risk measure. The Board's assessment includes additional institutional factors and the assessment is made prior to the parole hearing. See Appendix E for the details of the parole guidelines and the actual time served. Note that actual time served excludes time served by offenders with special sentencing conditions, such as a minimum mandatory prison term for offenders who have prior DOC incarcerations or who have been convicted of a dangerous felony and must serve at least 85% before release.

## SENTENCING ASSESSMENT REPORT

The Sentencing Assessment Report is intended to provide the Court with information regarding risk and related factors necessary in the determination of an appropriate sentencing decision. The report incorporates Sentencing Commission standards in conjunction with an identification of the offender's risk level, based on the nature and severity of the offense, prior criminal history, and other relevant factors. Information is provided in the report to assist the Court in determining the impact of the offense on the victim. The report also provides information to the Court regarding available department programs and resources necessary to support the court's sentencing decision and effectively manage the offender's presenting risk level and factors. In addition, the report provides the Court with parole release eligibility based on the sentence structure and the Sentencing Commission's risk assessment. This report helps the Department of Corrections with assessment, supervision, and management of the offender.

The probation and parole officer compiles the information for the Sentencing Assessment Report via a guided interview with the offender and an investigative process. The format for the report consists of the Offender Identifying Information; a Risk Assessment Summary (present offense information, criminal history, victim impact, and offender assets and liabilities assessment including when applicable: sexual history and Static-99R); the Offender Management Recommendations (supervision plan, community strategies, institutional strategies, and re-entry/transitional planning); and Conclusion (evaluation and recommendation based on Sentencing Commission standards, parole release eligibility and average time served for offenders with similar risk in the previous fiscal year).

The itemized offender risk score will also be listed.

The Sentencing Assessment Report (SAR) provides valuable information to the Court for its consideration in the sentence decision-making process, in terms of identifying key offender risk indicators, incorporating Sentence Commission standards, and outlining available department resources and strategies necessary to support the Court's sentencing decision.

### Changes for Fiscal Year 2011

In instances where the risk score is Above Average or Average and there are no other mitigating or aggravating circumstances the recommendation will be the typical sentence.*

The following text has been deleted: *The Sentencing Commission Recommended Sentence will be the Mitigating sentence if the Risk Score is Good (low risk), or the Aggravating sentence if the Risk score is Below Average or Poor (high risk). In instances where the Risk Score is Above Average or Average, the Sentencing Commission recommendation will be the presumptive sentence.*

PO Kelly logged into an Internet chat server and assumed the screen name of 'tammyspringfield'. This screen name and the profile were set up by Det Miller on a previous date. The name on the profile is Tammy Sims. On 08/23/06 PO Kelly entered the chat room through the regional link and selected a chat room from the list of approximately 20 different Springfield, MO rooms available. While in the chat room PO Kelly would remain inactive. In the chat room PO Kelly would receive several IM's (instant messages) from other chat room participants. On this date at 1632 hours Det Miller received an instant message from chat room participant '65800homeboi', introducing himself. 65800homeboi later identified himself as Aaron and Det Miller told him his name was Tammy. Aaron was later positively identified as Aaron Holt.

Between 08/23/06 and April 2007 police chatted online with Aaron Holt. He knew the person he chatted with was 14 years of age. Holt solicited the officer online to engage in sexual conduct and arranged to meet in a park or get a hotel room. He was apprehended at the designated meeting place in Meador Park and confessed.

Holt was arrested on 04/25/07 at Meador Park on 2600 South Fremont Avenue and he agreed to speak with police after he was advised of his Miranda Rights. Holt told police he was single and lived with his parents in a Greene County home. Holt said he was enrolled in graphic design classes at Battlefield Technical College. He said he did not have any children and he was employed by Harmon Printing. Holt stated he began chatting with what he believed to be a 14-year-old female utilizing the screen name 'Tammyspringfield' in August 2006. He said he kind of lost contact with 'Tammy' until recently. Holt advised he had recently began talking to 'Tammy' again and the two agreed to meet at Meador Park (located within the city limits of Springfield). He told police it was his intention to pick up 'Tammy', take her to dinner, hang out for a while and then take her to a hotel to have sex with her. Holt said he planned on performing oral sex on 'Tammy' and requesting that she perform oral sex on him. He apologized for his actions. Holt told police he has

met women on the Internet before. However, they were all older than him. He stated he mainly used the 65800homeboi screen name to log into chat rooms and attempt to pick up women.

During the course of the interview, Holt told police he liked the 'look of a young girl'. When asked to elaborate, he said he likes the fresh innocent look of younger girls. He was then asked if the computer he uses contained any images of child pornography and Holt stated he did not think there were any images like that on his computer. He consented to a search of his computer and two thumb drives.

Offender's Version: Other than to say the present offense involved a 'Sting Operation', Holt elected not to make any other statements to this officer, regarding his involvement in the present offense.

Co-Defendants: NONE

## **B. Criminal History**

Holt has no prior felony or misdemeanor convictions.

## **C. Victim Impact**

Victim Name(s): State of Missouri

Does Victim Want to Testify at Sentencing: N/A

Victim Impact: Since the victim is the State of Missouri, no Victim Impact Statement is required.

#### **D. Offender Asset and Liability Assessment**

Risk Assets: Holt has three or less prior unrelated misdemeanor findings of guilt, no prior unrelated felony findings of guilt and no prior prison incarcerations. He has 5 years without findings of guilt or incarceration, no revocations of probation and parole and the present offense is not recidivist-related. Holt completed college. He has no prior escape and no history of substance abuse.

Holt reported he graduated from South Springfield High School in 1997 and he experienced no significant learning or behavior problems in school. His father mentioned Holt was a 'little bit rebellious in grade school'. However, he grew out of it when he went to high school. Holt reported he later earned an Associate Degree in Graphic Communications from Springfield Community College in 2000 and he earned a Bachelors Degree in Studio Art/Graphic Design from Battlefield Technical College in 2005. This information was not verified, but corroborated by Holt's father.

Regarding substance abuse, Holt denied any type of illegal drug usage or problematic alcohol consumption and this officer received no information to the contrary. He described himself as a 'social drinker'. According to information obtained from the Department's substance abuse screening instrument (SACA), Holt's Substance Abuse Needs Score is 1, which indicates No Apparent Substance Dependence or Abuse.

Risk Liabilities: Holt is 29 years old and he is unemployed.

Holt's last reported period of employment was as a web designer for Southend Media from July 2007 to February 2008. He disclosed he lost this job, due to trial appearances and subsequent confinement for the present charge. Holt reported he was working for Harmon Printing as a graphic/web designer when he was arrested for the present offense. He stated he had worked for the above company for over three years (October 2004 to March 2007). Holt's longest reported period of employment was as a graphic designer for Image Graphics and Printing from November 1999 to March 2003, and this job ended when the business closed. It should be mentioned Holt disclosed he filed for bankruptcy in late 2003. In his line of work, access to a computer is essential. This is cause for concern, since the present offense involved a computer.

Other Assessment Factors: Holt is the product of an intact family and the oldest of 5 children born to his parents, Helen and Stephen Holt. Reportedly, his mother is employed as a nurse practitioner for Kings Avenue Medical Clinic, and his father is employed as a draftsman for Martin Metal Works. According to Holt, he had a 'normal' childhood. He related no other family member has had contact with criminal authorities and his family history is negative for substance abuse. This officer spoke with Mr. Holt and he believes his son's need for 'affection' perhaps enticed him into this situation. Mr. Holt explained further that his son only has 3 or 4 close friends and none of them are female. He also expressed dissatisfaction with the police, who he feels 'overstepped their bounds'. Holt is single and he has no children.

Medically speaking, Holt denied any physical limitations, disabilities, or mental health issues. He stated he is in good health and he takes no prescription medications. This information was corroborated by his father. Holt also denied being subjected to any type of physical, emotional or sexual abuse.

#### Sexual History:

When interviewed about any prior deviant sexual behavior, Holt admitted he has chatted on line with another underage female. In this case he chatted on line for two months with a 13-year-old female. After the two months of chatting online he arranged a meeting with her. According to Holt he got scared and did not meet her and has not chatted with her since. He indicated his intent was to have sexual intercourse with her. Holt admits he is "sexually attracted" to young females. He enticed the present victim by pretending to be 16 years of age. During our interview, Holt did not place any blame on the victim and does not minimize his responsibility and the possible impact to the victims. He admits to using pornography on a regular basis, but denies using child pornography. Holt denies he has ever had or sought treatment for his sexual deviance but is willing to attend sex offender treatment and adhere to the special conditions required for sex offender supervision.

The Static 99R is an instrument designed to assist in the prediction of sexual and violent recidivism for sexual offenders. It consists of 10 items and produces estimates of future risk based upon the number of risk factors present in any one individual. Holt scored 2

on this risk assessment instrument. Based upon the Static 99R score, this places Holt in the Moderate-Low risk category relative to other adult male sex offenders.

Based on a review of other risk factors in this case, this officer believes the Static 99R score fairly represents Holt's risk at this time. The other risk factors considered that lead this officer to this conclusion were the following: intimacy deficits and opportunities for victim access through the Internet.

### **III. Offender Management Recommendations**

#### **Supervision Plan:**

Home: Lauren and Michael Holt (parents)

If placed on probation, Holt indicated he would reside with his parents and 18 year old brother at the above location. An Internet check revealed this residence meets the distance requirements for daycares, recreational areas, etc. In addition, there were no matching offenders within 1,000 feet of this residence.

Employment: UNEMPLOYED

Community Strategies: Should the Court decide to place Holt on probation, the following are recommended Special Conditions: 1) Access to computers restricted to his employment; 2) Comply with Sex Offender Supervision Agreement; 3) Supervise on Sex Offender Caseload; and 4) Victim Impact Panel

Institutional Strategies: Incarceration (ineligible for Sex Offender Assessment Unit-SOAU)

## **HOW TO FIND A RECOMMENDED SENTENCE USING THE MISSOURI CHARGE CODE**

The following list includes all active Missouri charge codes, including codes created for new crimes and other statutory changes required by the 2010 legislative session. New codes are generally given medium offense severity until actual sentencing data can establish the severity.

Repealed offenses are also listed for the sentencing of offenders who committed offenses in earlier years but which are within the statutory time limits for prosecution (556.036 RSMo).

### **Attempts and Persistent Offenders**

The list of Missouri codes includes the recommended sentence and expected time served for offenders found guilty of the commission of the offense. If the offender is guilty of the attempt of the offense or is being sentenced as a prior and persistent offender under Section 558.016, RSMo, then the recommended sentence is found by referring to the offense group matrix for the same offense severity and choosing one felony class lower for attempted or one felony class higher for persistent offenders. Note that the reduction of the felony class does not apply when the charged offense includes the attempt.

For an explanation of terms such as prior criminal history and expected time served reference should be made to the Glossary of Terms and to the Appendices.

The major categories of offenses are shown on page 46. The major category is defined by the first two digits of the Missouri Charge Code.

### **Unclassified Felonies**

The recommended sentences are based upon the authorized sentences for felonies A through D. Offenses that are unclassified and have been placed in a felony class are indicated as U= followed by the calculated felony class, for example the felony class of offense Forcible Rape, charge code 11008, is described as U=A. The recommended sentences felony classification is explained in the Glossary of Terms, Felony Class.

## **EXAMPLES:**

### **Stealing**

An offender (male) is found guilty of stealing from \$500 to \$25,000. Missouri charge code 15021, Non-violent, Class C, medium severity. The chart indicates a “typical” sentencing range of Probation for Level 1 Prior Criminal History to 4 years prison for Level V, (page 62). If the risk assessment was GOOD and the offender was sentenced to prison then the parole guideline term would be 15% and the actual percent of sentence served in FY08 for male offenders with a GOOD risk was 29%. If the risk assessment was POOR then the parole guidelines are 50% and the actual time served in FY08 was 57%.

If the offender was guilty of the ATTEMPT of stealing then the Felony Class is dropped one class to a Felony Class D, non-violent medium severity offense and the typical sentencing range from Probation for Level 1 Prior Criminal History to 2 years prison for Level V (Recommended Sentence Matrices, page 18). The expected time served would be unchanged from the commission of the offense because the offense remains in the same felony class group (C&D).

If the offender is sentenced as a persistent offender of stealing then the felony class is raised one class to a Felony Class B for a non-violent and medium severity offense and the typical sentencing range is from Community Structured Sentence (CSS) for Level II Prior Criminal History to 10 years prison for Level V (Recommended Sentence Matrices, page 18). Note that a persistent offender cannot be placed in Criminal History Level I (no felony findings of guilt). The expected time served statistics for male offenders with a GOOD risk are: parole guidelines 32% and the actual time served 47%. For a POOR risk the statistics are: parole guidelines 52% and time served 68% (page 159).

### **Robbery 1<sup>st</sup> degree**

The Missouri charge code is 12010, Felony Class A, violent, medium severity. The typical recommended sentence range is from 10 years (Level I) to 25 years (Level V), page 55. Because Robbery 1<sup>st</sup> degree is a dangerous felony the offender cannot be released until 85% of the sentence is served.

### **DWI Chronic Offender**

The Missouri code is 47417, Class B, DWI, medium severity. The typical recommended sentence range is from 5 to 8 years, page 126. The offense is for offenders with four prior DWI convictions and the statute requires a minimum prison time of two years before release to probation or parole. Subject to the minimum statutory no parole restrictions the parole guidelines are from 30% to 55%. Note that a chronic DWI offender cannot be placed in a criminal history level lower than II (No more than two felony findings of guilt and no prior incarceration. An offender found guilty of being a chronic DWI offender may additionally be sentenced as a persistent offender under Section 558.016, RSMo.

## Appendix A

### Authorizing Statute: Section 558.019, RSMo

6. (1) A sentencing advisory commission is hereby created to consist of eleven members. One member shall be appointed by the speaker of the house. One member shall be appointed by the president pro tem of the senate. One member shall be the director of the department of corrections. Six members shall be appointed by and serve at the pleasure of the governor from among the following: the public defender commission; private citizens; a private member of the Missouri Bar; the board of probation and parole; and a prosecutor. Two members shall be appointed by the supreme court, one from a metropolitan area and one from a rural area. All members shall be appointed to a four-year term. All members of the sentencing commission appointed prior to August 28, 1994, shall continue to serve on the sentencing advisory commission at the pleasure of the governor.
- (2) The commission shall study sentencing practices in the circuit courts throughout the state for the purpose of determining whether and to what extent disparities exist among the various circuit courts with respect to the length of sentences imposed and the use of probation for offenders convicted of the same or similar crimes and with similar criminal histories. The commission shall also study and examine whether and to what extent sentencing disparity among economic and social classes exists in relation to the sentence of death and if so, the reasons therefor sentences are comparable to other states, if the length of the sentence is appropriate, and the rate of rehabilitation based on sentence. It shall compile statistics, examine cases, draw conclusions, and perform other duties relevant to the research and investigation of disparities in death penalty sentencing among economic and social classes.
- (3) The commission shall establish a system of recommended sentences, within the statutory minimum and maximum sentences provided by law for each felony committed under the laws of this state. This system of recommended sentences shall be distributed to all sentencing courts within the state of Missouri. The recommended sentence for each crime shall take into account, but not be limited to, the following factors:
  - (a) The nature and severity of each offense;
  - (b) The record of prior offenses by the offender;
  - (c) The data gathered by the commission showing the duration and nature of sentences imposed for each crime; and
  - (d) The resources of the department of corrections and other authorities to carry out the punishments that are imposed.
- (4) The commission shall study alternative sentences, prison work programs, work release, home-based incarceration, probation and parole options, and any other programs and report the feasibility of these options in Missouri.

- (5) The commission shall publish and distribute its recommendations on or before July 1, 2004. The commission shall study the implementation and use of the recommendations until July 1, 2005, and return a report to the governor, the Speaker of the House of Representatives, and the President Pro Tem of the Senate. Following the July 1, 2005, report, the commission shall revise the recommended sentences every two years.
- (6) The governor shall select a chairperson who shall call meetings of the commission as required or permitted pursuant to the purpose of the sentencing commission.
- (7) The members of the commission shall not receive compensation for their duties on the commission, but shall be reimbursed for actual and necessary expenses incurred in the performance of these duties and for which they are not reimbursed by reason of their other paid positions.
- (8) The circuit and associate circuit courts of this state, the office of the state courts administrator, the department of public safety, and the department of corrections shall cooperate with the commission by providing information or access to information needed by the commission. The office of the state courts administrator will provide needed staffing resources.
7. Courts shall retain discretion to lower or exceed the sentence recommended by the commission as otherwise allowable by law, and to order restorative justice methods, when applicable.
8. If the imposition or execution of a sentence is suspended, the court may order any or all of the following restorative justice methods, or any other method that the court finds just or appropriate:
- (1) Restitution to any victim for costs incurred as a result of the offender's actions;
  - (2) Offender treatment programs;
  - (3) Mandatory community service;
  - (4) Work release programs in local facilities; and
  - (5) Community-based residential and nonresidential programs.
9. The provisions of this section shall apply only to offenses occurring on or after August 28, 2003.

## **Definitions of the Static 99R Risk Factors**

### **Index offense**

The Index offense is generally the most recent sexual offense. It could be a charge, arrest, findings of guilt, or rule violation. Sometimes Index offenses include multiple counts, multiple victims, and numerous crimes perpetrated at different times because the offender may not have been detected and apprehended. Some offenders are apprehended after a spree of offending. If this results in a single finding of guilt regardless of the number of counts, all counts are considered part of the Index offense. Findings of guilt for sexual offenses that are subsequently overturned on appeal can count as the Index offense. Charges for sexual offenses can count as the Index Offense, even if the offender is later acquitted.

### **1. Young**

The age of the offender at the estimated time of release or, if not known, at the time of the assessment.

### **2. Ever Lived With**

Any intimate adult relationship of two years or more.

### **3. Index non-sexual violence - Any Convictions**

Finding of guilt for a non-sexual violent offense at the same sentencing of the current sexual offense.

### **4. Prior non-sexual violence - Any Convictions**

Finding of guilt for a non-sexual violent offense prior to the current sexual offense.

### **5. Prior Sex Offenses**

Count of offender's prior sex offenses. From the offender's official criminal record, charges and convictions are summed separately.

- Charges – Number of charges that are not proceeded with or which do not result in a finding of guilt are counted along with charges that result in a conviction for a sexual offense.
- Convictions – Number of findings of guilt of a sexual offense including multiple findings of guilt sentenced in the same court and on the same day.

Whichever column, charges or convictions, gives the offender the “higher” final score is the column that determines the final score for prior sexual offenses.

**6. Prior sentencing dates (excluding index)**

A count of the offender's separate sentencing dates. The number of prior sentencing for any new offense that result in a period of incarceration or community service, including juvenile offenses, that resulted in a finding of guilt. Revocations of supervision are excluded.

**7. Any convictions for non-contact sex offenses**

Any findings of guilt for a non-contact sexual offense such as pornography or obscenity.

**8. Any Unrelated Victims**

Any sexual offense when the victim was outside of the offender's immediate family.

**9. Any Stranger Victims**

Any sexual offense when the victims were strangers to the offender at the time of the offense. A victim is considered a stranger if the victim did not know the offender less than 24 hours before the offense.

**10. Any Male Victims**

Any sexual offense when any of the victims was a non-consenting adult male or a male child.

**Translating Static-99R scores into risk factors**

<u>Score</u>		<u>Label for Risk Category</u>
-3 through 1	=	Low
2,3	=	Low-Moderate
4,5	=	Moderate- High
6 plus	=	High

### Board of Probation and Parole Guideline Matrices

Notes:

The guideline matrices show the guideline for prison time in months.

The Board of Probation and Parole introduced separate guidelines for male and female offenders with Drug and Non-Violent offenses in March 2006.

Min. is the minimum of the guideline range and Max. is the maximum of the guideline range. For offenders with a Poor risk (the highest risk) the maximum of the range is the conditional release date. For sentences under 10 years, the conditional release date is two-thirds of the sentence. For sentences from 10 to 15 years, the conditional release date is three years before sentence completion and for sentences over 15 years; the conditional release date is five years before sentence completion.

The Board of Probation and Parole's **Excellent** risk category is equivalent to the Sentencing Commission's **Good** risk category.

**Notes:**

The statistics on expected time served assume an equivalence between the SAR offender risk score and the Board of Probation and Parole's salient factor score. The Court's **Good** category is equivalent to the Board's **Excellent** category.

The Board of Probation and Parole introduced in FY06 separate guidelines for male and female offenders with non-violent and drug offenses. Not all offenders released in FY09-FY10 were scored on the new scale.

## Appendix F

### Interpreting Statutory Restrictions for the System of Recommended Sentences

This note was initially prepared for the assistance of Probation and Parole Officers when completing Sentencing Assessment Reports. The information contained in the note is incorporated into the charge code listing and, if statutory restrictions affect the recommended sentence, the override sentence is shown. The note includes only active charge codes, including those created for the 2010 legislative session.

#### 1. General Principles

The same set of Recommended Sentences applies to all offenses within the same offense group, felony class and severity level. In some instances, however, there may be a statutory prohibition to the recommended sentence. When there is a statutory prohibition to probation or shock/treatment the recommended sentence is the minimum authorized prison sentence. Unless specifically excluded by statute, probation is allowed for all felony sentences. Unless specifically included by statute the prohibition of probation or a Section 559.115, RSMo program does not apply to a finding of guilt of the attempt/accessory or conspiracy of the offense. If the offense description includes the ‘attempt’, as in attempted forcible rape then the exclusion applies when the offender has been sentenced for the attempt, but not when sentenced as an accessory or for conspiracy. The date of commission of the offense normally determines whether statutory restrictions apply.

#### 2. Statutory Prohibition of Probation

The first group of offenses prohibit probation because of the offense. The remaining offenses exclude probation for prior or persistent offenders. The definition of a prior and persistent offender for these prohibitions is, with the exception of Weapons offenses, the repeat conviction/finding of guilt for a similar offense. Weapons offense prohibitions use the definition in Section 558.016, RSMo, which is ‘any repeat felony conviction’.

Most of the offenses that have a sentencing prohibition have a specific charge code and this makes the identification easier. However, drug offenses do not have specific charge codes and a court statement that the offender has been sentenced as a prior or persistent drug offender is necessary.

- An offender sentenced for Drug Sales/Distribution prior/persistent (32463) can be sentenced to probation unless the court/prosecutor records state that the offender is sentenced as a **persistent drug offender**. If the offender is a persistent drug offender then the minimum authorized sentence is 10 years in prison and no probation or parole for 10 years.

- Drug Trafficking 1<sup>st</sup> and 2<sup>nd</sup> when sentenced as Class A felony prohibit probation or parole only if the offender is a **prior or persistent drug offender**. The court/prosecutor records have to state that the offender is sentenced as a prior or persistent drug offender.

If the prohibition of probation is from 6 months to two years then an offender is eligible for the long term drug program provided the other program eligibility criteria are met. If the prohibition is 60 days then the offender is eligible for probation (CSS) if the 60 days are served in jail or for a Section 559.115, RSMo program.

### 3. Statutory Prohibition to Shock or Treatment

The offenses that are ineligible for a 120 day program (Section 559.115.8, RSMo) are listed below with the minimum authorized sentence which the recommended sentence. As the long term drug program only accepts nonviolent offenders an offender sentenced as a persistent domestic assault offender (13026) or as a prior domestic offender with violence (13018) cannot be recommended a long term drug sentence because of the offense or to a 120 day program because of the probation restriction (6 months).

Persistent Sex Off.: prior above sex offense, see def.		558.018		30	30
Predatory Sex Off.: prior above sex offense, see def.		558.018		15	15

The recommended sentence above is the alternative sentence when the recommended sentence is SHK/TRT. Persistent and predatory sex offenders include offenders with convictions for forcible rape, forcible sodomy, statutory rape, statutory sodomy, child molestation 1<sup>st</sup> (A Felony or B felony committed before August 28, 2005) or sexual abuse, Class B (22021). A persistent sex offender will also be ineligible because of the present sex offense. A predatory sex offender with a present offense of sexual abuse, however, would not be ineligible because of the present offense. An offender convicted of sexual abuse would be ineligible for a Section 559.115, RSMo program only if court or prosecutor records state that the offender is a predatory sex offender. The statute defining a sex predator (558.018) does not exclude probation, only parole.

#### **4. Eligibility and Other Sentencing Conditions:**

##### Minimum Mandatory Prison Term (MMPT)

An offender with a minimum mandatory prison term of 40%, 50%, 80% or sentenced as a dangerous felon (85%) for an offense not listed above is eligible for a Shock or Treatment program if they meet the program criteria.

##### Other Less Serious Offenses

An offender may be ineligible for probation or shock/treatment because of a lesser present offense. For example, an offender with convictions for Armed Criminal Action and Drug Trafficking 1<sup>st</sup> (class A) and a prior criminal history level of I, II or III would have a recommended sentence of 10 years if Drug Trafficking was taken as the most serious offense because Armed Criminal Action requires a minimum prison time of 3 years. If ACA was taken as the most serious offense then recommended sentence will be from 5 to 9 years (depending upon CH level).

##### Committed, Persistent or Attempt Indicator

The user has to decide whether offender has been convicted of the offense or of the attempt/accessory/conspiracy (one felony class lower) or has been sentenced as a persistent offender under Section 558.016, RSMo (one felony class higher).

- If the offender is sentenced as a prior or persistent drug offender or domestic assault offender or sex offender the recommended sentence is not enhanced unless the court records state that the offender has been sentenced under both prior and persistent definitions.
- If the offender has a weapons offense and has a Charge Code that indicates a prior and persistent offender then the prior and persistent indicator should not be used because the sentence has already been enhanced (see first table above).
- In general, an offense that includes prior convictions (Stealing third offense) should be enhanced if the court states the offender is a prior and persistent offender.
- Sentencing should not be enhanced if the court states that the offender is only a prior offender under Section 558.016, RSMo.
- An offender convicted of the attempt when the attempt is part of the offense (Attempted Forcible Rape) should not be treated as an Attempt. However, accessory or conspiracy continue to be inchoate offenses and the sentence should be reduced by one felony class.

##### Prior or Persistent Domestic Violence Offender (565.063, RSMo), Prior or Persistent Drug Offender (195.275, RSMo), Persistent or Predator Sex Offender (558.018, RSMo) and Missouri Charge Codes

While there are Missouri Charge codes for offenses with special sentencing requirements for these Prior, Persistent, or Predator offenders, sometimes the sentencing requirements (increased felony class or probation/parole restrictions) are enhancements to the charge code. See pages 5-10 and pages 160-164 of this User Guide for more information on these types of offenders.
